January 19, 2021
*Order and wait for COVID-19 test results before completing any aerosolizing procedure or non-aerosolizing procedures that involve prolonged intraoral exposure. A negative COVID-19 test is accepted by UWMC for up to 72 hours prior to an aerosol-generating procedure. Accepting a negative test result of more than 72 hours must be based upon clinician risk-assessment for the specific patient and clinical judgment.
